

RAHWAY VALLEY RAILROAD

RAHWAY VALLEY COMPANY, LESSEE

OFFICE OF

PRESIDENT AND GENERAL MANAGER

GEO. A. CLARK
PRESIDENT AND GENERAL MANAGER

REFER TO
FILE NO. B-20119

KENILWORTH, N. J., July 28th, 1956

Woolley Coal Company, Inc.
12 Burnett Avenue
Maplewood, N. J.

Gentlemen:

In order to reduce taxes and at the same time eliminate maintenance expenses we are now abandoning all non-productive trackage which no longer answers any purpose.

The rather long siding lead which we maintain to your yard is now scheduled for removal and abandonment. This siding no longer answers any purpose whatever and is just an item of expense for us as we understand that you are trucking all of your coal requirements.

If you expect to have any appreciable future use for our rail siding which serves you please be good enough to let us know within the next week or two.--Thank you.

Very truly yours

President & General Manager
