

RAHWAY VALLEY RAILROAD

Kenilworth, N. J.

December 1929.

TO ALL CONCERNED:-

We are pleased to advise all our friends, patrons and shippers that a direct connection will be made shortly between this Company and the Lackawana Railroad at Summit, N. J.

This connection will open more territory, provide better service, lower freight rates on some commodities and should work out to the mutual advantage of all concerned.

We are now working out rate matters and we would thank you to advise if you are interested in any particular commodities that originate on the Lackawana System. If so kindly advise us and you will be taken care of without delay if that is possible

We would also like to hear from all of you telling us in what way this connection will work out to your advantage as we have a very large field to cover and wish to be familiar with all details.
